*"Sundruh means deep fun and a door to another world. Her music takes me back to the happiest moments in my life and lifts up my spirits. I don't just dance — I float in the air. She mixes feelings and experiences, not just music, creating something that moves your body and your soul. With Sundruh, every set is a celebration of joy and freedom."*

Yumna Miller  
Event host, Istanbul

*"Sundruh delivered an unforgettable two-part journey, both opening and closing our event with unmatched energy and artistry. Seamlessly moving from tech house to amapiano, she kept the rooftop alive with rhythm and connection. The night ended all too soon, and we look forward to collaborating with her again and again."*

House Of Young  
Collective, Valencia

*"I had the pleasure to join a very spontaneous B2B set with Sundruh in one of her private events while I was visting from Barcelona. It was a very happy moment for me, as the energy of the people there was incredible and her music was perfect. She approached me with a welcoming smile and gave me control of the music. With that gesture, she left me excited and filled with the desire to share my sounds with her, which connected in a very fluid and different way, creating an atmosphere of harmony and comfort in the place."*

Alessandro Tacchi  
DJ, Barcelona

*"Sundruh started the night with hypnotic deep house with oriental touches. She switches smoothly between genres, taking the dancefloor on a mysterious journey and introducing dancers to new sounds. The crowd was very delighted with her set and choice of tracks!"*
